1 Representative Activities

Below is a list of suggested activities for IMedC Representatives. These ideas can support your outreach efforts. Be sure to document and submit your activities through your Representative account. You are also welcome to explore additional initiatives beyond this list.

1 **Promote IMedC on Social Media**

Help spread awareness by sharing IMedC information and official posts on platforms such as Instagram, Facebook or LinkedIn.

2 **Add Your IMedC Representative Role to Your Profiles**

Display your IMedC role on your social and professional profiles, for example on LinkedIn. You can include a link to your representative page.

3 **Share IMedC with Friends and Classmates**

Talk to peers in your school, university or community about IMedC, explaining what the competition is and why it is exciting. Encourage them to participate.

4 **Talk to Teachers and Coordinators**

Introduce IMedC to biology and chemistry teachers, club mentors and school officials. Tell them about the teacher account, school partnerships and the special awards for schools.

5 **Present IMedC in Classes or Clubs**

Give a brief presentation about the competition during a class or club meeting to spark interest among students.

6 **Distribute Posters and Flyers**

Print and hang official IMedC posters at your school, in community centres or libraries. Digital copies are available on the IMedC website.

7 **Start a Medicine Club or Study Group**

Form a group at your school to explore medical questions together, host problem-solving sessions, or work through IMedC training material.

8 **Organize Medicine Workshops or Events**

Plan events such as talks by medical students or doctors, case discussions or Q&A sessions where you introduce IMedC and medical topics in an interactive way.

9 **Create a Local Group Chat**

Set up a local WhatsApp or similar group for your school or city to coordinate IMedC activities and share updates.

10 **Collaborate with Local Organizations**

Work with local science clubs, health organizations or universities to promote IMedC or co-host events about medicine and health.

11 **Share IMedC through Newsletters or Blogs**

Submit a short article about IMedC to your school's newsletter, a student blog or other communication channels.

12 **Encourage Other Schools to Join**

Extend your outreach to other schools or universities in your area. Offer to share materials or connect them with the IMedC team.

13 **Arrange Local Meetups**

Organize informal meetups for interested students to discuss medical topics and learn more about the competition together.

14 **Support the Qualification Round at Your School**

Coordinate with teachers to hold a Qualification Round session and help participants prepare and submit their solutions.

15 **Represent IMedC at Local Events**

If your school or city hosts science fairs, health days or university open days, represent IMedC with a stand or a short talk.

16 **Inspire Through Your Own Participation**

Lead by example: take part in IMedC yourself and share your experience with others to motivate them.
